Product View Page:

The screenshot shows the Visual Studio Code editor with two files open: `shop.css` and `shop.html`. The `shop.css` file contains a CSS rule for a background image, and the `shop.html` file contains the HTML structure for the product view page, including a navigation bar and a main content area.

```
# shop.css
1 body{
2   background-image:
3     url("shopbg.webp");
4   background-size:cover;
5   background-repeat:none;
6 }
7 img{
8   width:17%;
9   padding:15px;
10  height:43%;
11  margin-left:20px;
12  margin-right:10px;
13 }
14 h2{
15  text-align:center;
16  color:green;
17 }
```

```
shop.html
